Workers' Compensation Commission

July 11, 2011

Commission Clarifies Requirements for Filing Fees

At Judicial Conference on June 20, 2011, the Commission approved a clarification to the policy requiring a \$25 filing fee. Forms amending the original pleadings and requesting a hearing will require a \$25 filing fee. A twenty-five dollar (\$25) filing fee will be required to process pending pleadings which had been previously postponed by consent or agreement of the Parties. To renew the request for a hearing on the original pleadings, it will not be necessary for the moving party to file an additional Commission Form requesting a hearing. A properly served letter and \$25 filing fee will be sufficient to reset the hearing on the original pleadings.
