Workers' Compensation Commission

Advisory Notice

Commissioner's Hearings

March 17, 2020

The SC Workers' Compensation Commission considers existing conditions in our current environment with regard to the coronavirus to be serious. We do not want to create a situation where anyone would be exposed to a situation harmful to them or any member of their family. However, we are considerate of the importance of conducting hearings because of the impact the results will have on the parties to the case. Therefore, requests for postponements or cancellations will be addressed on a case by case basis by the jurisdictional commissioner. Unless you are notified a hearing to which you are a party is cancelled, the hearing will move forward. If you are a party to a case and do not feel comfortable attending a scheduled hearing please contact the Commissioner's office who scheduled the hearing. Stakeholders are advised to continue to visit our website for any updates or changes.
